DEA 2730 What did I learn?

Student Name: _____

For each strategy/method explored in class, where appropriate, complete the following:

Identify the method you are reporting on here (e.g. SUS): _____

What did I learn from this HCDM method/strategy?

How did this HCDM method/strategy change my design moving forward?

Paste below two photos of your prototype: the photo on the left shows the prototype **before** this strategy/method was used; the photo on the right shows the prototype **after** this strategy/method was used, reflecting the changes communicated above.
